### Description

Create your own vibrant and unique surface designs on our wide range of quality, artisan bisqueware pottery

---

### **Artisan made**

Each of these bisqueware vases is made by hand by our in-house production potter with decades of experience and exceptional skill. Because each piece is handmade the dimensions may vary slightly.

### **Stoneware**

Our bisqueware pieces are wheel-thrown in-house, using Australian fine white stoneware clay (Walker No. 10 or similar). It is recommended that they are glaze fired to Orton Cone 10.

### **Create your own unique surface designs**

Choose from our huge variety of options for you to add your own creative flair to the surface of your bisqueware pieces – beautiful transfer tissues, colourful underglazes and bright stoneware glazes. These are a wonderful and fun idea for commemorating special occasions!

Bisqueware vase dimensions: 250mm tall x 160mm widest diameter

\*\* Please note that there is no guarantee on breakages of bisqueware if freighted.
